MUNICIPALITY OF CLARINGTON
GENERAL GOVERNMENT COMMITTEE MEETING

RESOLUTION #

DATE: April 7, 2025

MOVED BY Mayor Foster

SECONDED BY Councillor

That the following resolution from the Town of Ajax, regarding Impacts of the International Student Program Changes to Local Post Secondary Programs, be endorsed by the Municipality of Clarington:

Whereas the Town of Ajax recognizes the significant contributions of Durham College (DC) to our local economy and community through its diverse range of programs and skilled graduates;

And whereas the recent changes to the International Student Program (ISP) by Immigration, Refugees and Citizenship Canada (IRCC) have negatively impacted post-secondary institutions in Ontario, including Durham College, by reducing international student study permits and limiting eligibility for Post-Graduation Work Permits (PGWP) to programs in fields of study identified as having national labour market shortages, irrespective of local labour market needs;

And whereas the Blue Ribbon Panel report commissioned by the provincial government highlighted the need for long-term, sustainable funding for the post-secondary sector, noting that Ontario's colleges are funded at 44% of the national average, with tuition revenue first cut by 10% in 2019 and then frozen for the past six years;

And whereas the financial sustainability challenges faced by Ontario's post-secondary institutions have been exacerbated by significant wage and cost inflation, as well as the growing reliance on international enrolment;

And whereas DC has compiled a short list 34 programs not currently PGWP eligible to the IRCC list of fields of study (ATTACHMENT #1) which provide skilled graduates who are vital to growing our local economy, and in some cases, the College relies on international student enrolment in these programs to create financially viable cohorts for domestic students;

Now Therefore Be it Resolved That:

1. Ajax Council calls on the federal government to add the 34 programs listed in ATTACHMENT #1 and offered at DC to the IRCC list of fields of study; and

2. Ajax Council calls on the provincial government to enact the recommendation in the Blue Ribbon Panel report to provide long term, sustainable funding for the post-secondary sector; and
3. A copy of this resolution be sent to Immigration, Refugees and Citizenship Canada Minister Marc Miller, the Ontario Ministry of Colleges and Universities, Regional Municipality of Durham Chair John Henry, and all lower tier Durham Region municipal Councils.

Report To: General Government Committee

From: Lee-Ann Reck, Deputy CAO/Public Services

Date: April 7, 2025

Memo #: Memo-002-25

File No.:

Re: Civic Recognition and Dedication Policy

At the General Government Committee meeting of November 4, 2024, the Committee passed the following [Resolution #GG-172-24](#) approving the Civic Recognition and Dedication Policy:

That Report PUB-016-24, and any related delegations or communication items, be received.

That Council adopt the proposed draft Civic Recognition and Dedication Policy, attached as Attachment 1, to identify the programs in place by the Municipality to recognize or memorialize individuals and organizations for their outstanding achievements or contributions to the community.

That Council repeal the following policies:

- a. Flag Protocols Policy F105
- b. War Dead and War Veteran Names for Streets Policy PSD-DG010
- c. Recognition of Individuals in Memoriam Policy PSD-DG014

That Council provide Staff the authority to manage changes in funding categories to the Community Funding Program through a Management Directive, including the recommendations in this policy and future updates to align with corporate priorities.

That all interested parties listed in Report PUB-016-24, and any delegations be advised of Council's decision.

After the Committee passed Resolution # GG-172-24, Staff reviewed and updated policies to align with the new Clarington policy system. During this process, it was noted that the outdated F9, Proclamations Policy (Attachment 1) was inadvertently not listed for repeal. This policy is now covered under the new Civic Recognition and Dedication Policy, which consolidates several policies into one to providing staff with a clear understanding of the Civic Recognition and Dedication Program.

The Civic Recognition and Dedication Policy includes guidelines for Proclamations as part of Clarington's Civic Recognition Program. The Mayor can designate specific dates to raise awareness for significant events, arts, cultural celebrations, charitable fundraising, or public awareness campaigns within the community. Requests can be submitted in writing to the Mayor and will not be issued for:

- Matters of political controversy, religious beliefs, or individual convictions.
- Events or organization with no direct relationship to the Municipality of Clarington.
- Campaigns or events contrary to law, municipal policies or by-laws.
- Campaigns intended for profit-making purposes.

As a result of the oversight, staff are recommending Council repeal Policy F9, Proclamations Policy, in addition to the items repealed through PUB-016-24.

Report Overview

Municipalities across Durham Region have worked together to address the feedback from residents about a shortage of accessible taxis. Through this work, it is recommended that the municipality amend its Vehicle for Hire Bylaw to allow licensed accessible taxicabs to engage conveyances within any of the eight (8) Durham Region municipalities.

By removing barriers to accessible cross-municipal transportation, the Municipality is advancing its commitment to removing accessibility barriers and create a community where everyone is welcome.

1. Background

- 1.1 Municipalities across Durham Region have received feedback about a shortage of accessible taxis. This situation has made it difficult for some members of our community to travel to medical appointments, groceries/activities of daily life, to visit family/friends, and/or to participate in employment, volunteer and leisure opportunities.
- 1.2 Accessibility Coordinators' and Municipal Law Enforcement staff from across the Region have identified several reasons that have contributed to overall shortage of accessible taxis in Durham. The reasons are intertwined but the heart of the issue is municipal boundaries.
- 1.3 [Section 156 of the *Municipal Act*](#) permits municipally licensed taxis to operate where conveyance of a trip takes place wholly within the municipality or from any starting point within the municipality to any point outside of the municipality. However, this provision does not apply where:
 1. *The purpose of the conveyance is to transport persons with physical, emotional or mental disabilities from any point in the municipality to any point outside the municipality, and*
 2. *The conveyance is made pursuant to a **written contract** for the use of a taxicab which can legally operate in the municipality in which the conveyance begins or ends.*
- 1.4 The taxi industry operates without written contracts. Instead, charges for taxi services are determined by a metering device that calculates the fare based on the distance traveled and the waiting time, according to the tariffs set by local regulations.

2. Discussion

Accessible On-Demand Taxi Service in Clarington

- 2.1 The Municipality's only taxi brokerage has two accessible vehicles that operate on a limited timetable.
- 2.2 Staff have heard feedback from Clarington residents who require an accessible taxi but are unable to receive that service from our local brokerage.
- 2.3 The current Vehicle for Hire By-law prohibits taxis, including accessible taxis licensed outside of Clarington from accepting a pickup within our Municipality. This is common practice in communities where taxis are regulated by municipal by-laws.

The Need for Cross-Municipal Accessible Taxicab Service

- 2.4 Individuals with disabilities often require transportation that extends beyond municipal borders. Additionally, not all accessible transportation needs can be met by Durham Region Transit (DRT), DRT Specialized Service or Go Transit.
- 2.5 This change would allow for easier travel for residents who may need to access medical services, educational programs, or other essential services located outside of their home municipality.
- 2.6 Ensuring that accessible taxicabs can operate across all eight municipalities in Durham Region would provide a seamless transportation experience for individuals with disabilities, regardless of municipal boundaries. Examples of situations where accessible taxi service would be required could include:
 - A wheelchair user is invited to go to the movies/restaurant with friends on a whim. They want to go but it's across town, so they'll need an accessible taxi to get there.
 - Someone who uses a wheelchair was released from the hospital with limited notice of their discharge. They need an accessible taxi to get home.
 - A wheelchair user has a very important medical appointment across town and does not want to risk being late or missing their appointment, so they want to call for an accessible taxi.
- 2.7 Accessible taxi services provide on-demand independent travel options; where DRT on-demand and specialized services require pre-planned booking, up to seven days in advance.

- 2.8 The recommended amendment may also encourage taxi companies to ensure they have one or more licensed accessible vehicle on the road, as they will be able to serve potential fares from people with disabilities from a wider customer base across the region. The amendment provides an opportunity for growth in the accessible taxicab sector within the Region, which could improve service availability and benefit both operators and customers.

Community Consultation

- 2.9 A cross-municipal Accessible Taxi Survey was launched in Fall 2024. The survey received 148 responses, and the results are summarized in [Attachment 2](#) to this report. Notable highlights include:
- 58% of respondents do or would use accessible taxi service, if available.
 - 79% of respondents indicated that they were not able to access or book an accessible vehicle when needed.
 - Most respondents indicated that accessible taxi service was primarily required to access health and medical appointments, employment/volunteer opportunities, or personal errands (e.g. groceries, prescription pick-up).
 - The top challenge identified with accessible taxis was that a physically accessible vehicle was not available at the time pick up was required/too few accessible taxis were on the road.
- 2.10 In addition to the survey, feedback was sought from municipal licensing staff, individuals with disabilities, and licensed taxicab operators.
- 2.11 Clarington's Accessibility Advisory Committee discussed the proposed By-law amendment at their January 28th, 2025 meeting and were supportive of the change.

3. Proposed By-Law Amendment

- 3.1 Clarington's current Vehicle for Hire By-Law does not permit accessible taxicabs to cross municipal boundaries to pick up a fare.
- 3.2 Lower-tier municipalities across Durham are seeking comparable By-law amendments to ensure consistency for taxi operators and users across the Region.
- 3.3 The proposed amendment in [Attachment 1](#) provides an exemption for the Brokers or Drivers of licenced accessible taxicabs from any lower-tier Municipality within the Regional Municipality of Durham from engaging in conveyances when the purpose of the conveyance is to transport persons with a disability as defined in the Accessibility for Ontarians with Disabilities Act, 2005, S.O. 2005, c. 11.

- 3.4 The passenger would be required to pay the tariff rate of the municipality in which the vehicle is licensed. The tariff rates across the Region are within (.25 of one another).

4. Financial Considerations

Not Applicable.

5. Strategic Plan

C.3: This amendment supports the Connect pillar by reducing barriers within our community.

8. Conclusion

It is respectfully recommended:

That all interested parties listed in Report LGS-012-2025 and any delegation be advised of Council's decision.

Report Overview

This report is to seek council approval to enter into a new agreement with Creative Outdoor Advertising, up to a maximum of 10 years, to continue to maintain the existing garbage receptacles throughout the Municipality, and to potentially add more units as determined by staff.

1. Background

- 1.1 Creative Outdoor Advertising (COA) was the successful bidder to RFP2014-1 which requested bids to supply, maintain and provide advertising on garbage and recycling units throughout the municipality.
- 1.2 Subsequently in 2014, the Municipality entered into a lease agreement with COA for the supply and installation of a minimum of 53 receptacles.
- 1.3 The 2014 agreement expired on June 30, 2024, and a new agreement is required.
- 1.4 At the October 7, 2024, General Government Committee, Resolution #GG-160-24 was passed which speaks to receptacles in the downtown core specifically:

Whereas there have been a growing number of complaints from residents and businesses concerning the amount of litter in the downtown core and the downtown core is a major driver of economic activity and current trash receptacles may be insufficient to address the growing challenge;

Therefore, be it resolved that staff be directed to study the feasibility and cost of adding receptacles – or replacing existing receptacles – to better address this challenge.

2. Discussion

- 2.1 The lease with COA is for the supply of garbage receptacles on local roads under the jurisdiction of Clarington. The vendor is responsible for installation, maintenance and repair of the receptacles, and the vendor earns income by selling advertising space on the outside surfaces of the receptacles.
- 2.2 The lease provides that the advertising placed by COA shall be in accordance with the regulations and standards set by the Canadian Advertising Council and the Corporation of the Municipality of Clarington. All advertising installed by COA will be of high moral standard, non-political and not contrary to public order and taste as determined by the Municipality.

- 2.3 The Municipality is paid by COA a variable per receptacle amount for each unit located on municipal property. As of February 2025, there are 82 receptacles servicing Clarington, yielding an annual profit of approximately \$1,800 to the Municipality. Of far greater value than this rental income, is that the vendor is responsible for removing and disposing of the garbage that is collected.
- 2.4 Under the terms of the lease, the garbage receptacles will be located within the boundaries of Clarington taking into account the following; a) the convenience and safety of pedestrians; b) the safety of vehicular traffic; and c) the potential exposure and visibility available for advertising on the units. In general, however, garbage receptacles will be placed near intersections, parking lots, bus stops, Community Centres, and Parks.
- 2.5 Given the previous direction by Council to increase the number of garbage collection points in downtown Bowmanville, Staff are proposing to add four locations at King St. and Silver St., King St. and Temperance St., King St. and Division St. and King St. east of Division St. at the bus stop.
- 2.6 The exact number and location of the new garbage receptacles will be finalized with the vendor and Staff will make provision for further expansion of the program during the term of the Lease Agreement if and when it is needed. COA has expressed willingness to expand the number of locations in a new lease.
- 2.7 Staff surveyed the marketplace to obtain best value. It was determined that there are no other companies that would likely bid in an open competition and that all comparison municipalities investigated used COA for this service. As a result, staff propose to negotiate a new lease directly with COA. Direct negotiation with the vendor for a lease of this type is authorized by Municipality's Procurement By-law 2024-052.

3. Financial Considerations

- 3.1 The lease agreement with COA is income generating, there is no cost to the Municipality. The existing lease agreement results in annual revenue of approximately \$1,800 to the Municipality. With the addition of further locations in the next lease agreement, it is anticipated that this revenue will increase.

4. Strategic Plan

To be a leader in the delivery of efficient, effective and meaningful municipal services that maintain, protect and invest in municipal infrastructure and assets.

5. Climate Change

Not Applicable.

6. Concurrence

This report has been reviewed by the Deputy CAO/Public Services and Director of Public Works who concur with the recommendations.

7. Conclusion

It is respectfully recommended that Council approve the municipality continue their relationship with Creative Outdoor Advertising by entering into a new Lease Agreement for up to 10 years with the option to add more receptacles as determined by staff.

Recommendation:

1. That Report FSD-011-25, and any related delegations or communication items, be received for information.

Report Overview

This report is prepared to comply with the reporting requirements of the *Development Charges Act, 1997, Planning Act, 1990 and Building Code Act*.

1. Background

- 1.1 The Municipality is required through various acts and regulations to report annually to Council on the reserve funds established for Development Charges, Cash-in-Lieu of Parkland and Building Permits.
- 1.2 Prior to 2025, these reports were separate. As they are mainly informational, and to streamline processes starting with the 2024 annual reporting period they will be consolidated into one report.

2. Development Charges

General

- 2.1 In accordance with the *Development Charges Act, 1997*, section 43 the Treasurer is required to report to Council on financial information related to the development charges by-law and reserve funds.

2024 Annual Report

- 2.2 Attachment 1 - Schedule A - attached shows the activity in the Development Charges Reserve Funds for the year ended December 31, 2024, including opening and closing balances.
- 2.3 Attachment 2 - Schedule B - attached shows capital projects which were funded for the year ended December 31, 2024, with development charges. The table shows the total expenses, development charge financing and non-development charge financing.
- 2.4 Attachment 3 - Schedule C - attached shows operating expenses which were funded for the year ended December 31, 2024, with development charges. The table shows the total expenses, development charge financing and non-development charge financing.
- 2.5 Attachment 4 - Schedule D - attached shows projects which have been previously approved by Council through resolution or prior years' budgets. The amount committed relates solely to the development charges portion.
- 2.6 This statement is compliant with subsection 59.1(1) of the *Development Charges Act, 1997*.

- 2.7 A total of 23 capital fund (2023 – 26) and 11 (2023 – 8) operating fund projects have been financed by development charges.
- 2.8 The Municipality collected \$3,720,274 in municipal development charges in 2024, this compares to \$7,052,175 in 2023.
- 2.9 On January 18, 2021, Council passed by-law [2021-010](#), approving the Municipality's Draft Development Charges Background Study, October 15, 2020 and the Addendum to the Development Charges Background Study, November 3, 2020 prepared by Watson & Associates Economists Ltd. The by-law came into force on January 19, 2021, and will expire five years after that date.

3. Cash-in-Lieu of Parkland

General

- 3.1 In accordance with Section 37 (Increased Density) and Section 42 (Cash-in-Lieu of Parkland) of the *Planning Act*, the Treasurer must provide a financial statement including opening and closing balances to Council relating to cash-in-lieu of parkland monies and increased density funding. This statement must be made available to the public.

Section 42 – Conveyance of Land for Park Purposes

- 3.2 Under Section 42 of the Planning Act, a municipality may require, as a condition of development, that land be conveyed to the municipality for park or other public recreational purposes. In certain circumstances, Council may require a payment in lieu of land dedication, to the value of the land otherwise required to be conveyed.
- 3.3 These funds must be held in a special account (Reserve Fund), allocated interest and spent only for the acquisition of land to be used for park or other recreational purposes, including the erection, improvement or repair of buildings and the acquisition of machinery, particular to park purposes.
- 3.4 Attachment 5 details the Statement of the Treasurer, in compliance with the *Act* and provides the expected future commitments for the reserve fund.

Section 37 – Increased Density

- 3.5 Clarington does not currently have a program set up for Section 37 Community Benefits; therefore, an annual statement is not required. The current Official Plan includes Community Benefits policies (Section 23.14 of the OP). Staff are developing a Community Benefits Charge Strategy and By-law in conjunction with the 2025 Development Charge Background Study update. The new Community Benefits Charge

Strategy will be brought forward for Council approval in June 2025, with an estimated implementation date of July 1, 2025.

4. Building Permits

General

- 4.1 Under the *Building Code Act, 1992* and the passing of subsequent amendments and Ontario Regulation 350/06, municipalities are required to prepare an annual report that records the amount of building permit fees collected and the costs incurred during the process.
- 4.2 In accordance with the *Building Code Act, 1992* as amended, staff have prepared this report to Council with the required content on an informational basis and this report and the related attachment will be posted on the Municipality's website.

2024 Annual Report

- 4.3 A [Building Permit Fee Update Study](#) was completed in 2024, by Hemson Consulting Ltd. with an effective date of March 1, 2024. The reviews are to be completed every five (5) years to ensure that the building permit fees are in line with the cost of building inspections and that all appropriate direct and indirect costs are being allocated.
- 4.4 In 2024, building permits issued generated total building permit revenue of \$2,107,333 (2023 - \$2,149,337), with total direct and overhead costs of \$3,653,705 (2023 - \$3,485,770), creating a deficit of \$1,546,372 (2023 – deficit of \$1,336,433) after reducing the total revenue by the direct and indirect expenses as outlined on Attachment 6.
- 4.5 As the building permit funds are to be segregated from the general funds of the Municipality, the deficit of \$1,546,372 was transferred from the Building Division Reserve Fund leaving the surplus/deficit for December 31, 2024, as nil. As of December 31, 2024, the reserve fund was in a deficit position of \$1,030,257.

Report Overview

To request authorization from Council to award tender CL2025-5 Rose Parkette Construction to the lowest compliant bidder.

1. Background

- 1.1 Henry Kortekaas Landscape Architects (HKLA) were hired to design and prepare the tender specifications for the construction of Rose Parkette at 79 Rose Crescent, Newtonville.
- 1.2 The project scope includes the completion of the siteworks which includes earthworks, the construction of playground pod, shade structure, walkways, and associated park features.
- 1.3 The park design was reviewed by Public Works. Tender specifications were provided by Planning and Infrastructure Services.
- 1.4 Tender CL2025-5 was prepared and issued by the Procurement Division. The tender was posted electronically on the Municipality's website and closed on March 5, 2025.

2. Analysis

- 2.1 Thirty-eight companies registered as plan takers. Fifteen submissions were received. One submission was deemed non-compliant for failure to submit the required bid bond. Fourteen submissions were deemed compliant (see Attachment 1). The bid results were sent to the department for their review.
- 2.2 After review and analysis by the Planning and Infrastructure Services Department and the Procurement Division, it was mutually agreed that the low-compliant bidder, Royalcrest Paving and Contracting Ltd., be recommended for the award of tender CL2025-5.
- 2.3 The Municipality of Clarington has worked with Royalcrest Paving and Contracting Ltd, in the past therefore, no reference checks were completed.

3. Alignment with Parks, Recreation, and Culture Master Plan

- 3.1 Land for Rose Parkette was received by the Municipality prior to the approval of the PRCMP. The PRCMP evaluated the Municipality's existing park hierarchy classification and recommends that parkettes remain in the hierarchy and be required whenever the Municipality deems it necessary to augment, provide a good distribution of parks, or

adjust the park requirements of a neighbourhood. The PRCMP further recommends that parkettes are sized between 0.5 and 0.8 hectares and augment the recreation, leisure, and amenity needs of a neighbourhood but will not contain sport fields.

- 3.2 Staff evaluated the Rose Parkette design and determined that it's development will enhance distribution, covering an 800-metre service area and ensuring residents are within walking distance of a park.
- 3.3 Data gathered during the background review phase of the PRCMP, and subsequent community engagement identified playgrounds as the 7th highest of 41 categories for support for additional investment.

4. Financial Considerations

- 4.1 Due to the industry pricing and timing of tender the budget is insufficient to construct the park to the planned level of service. Staff are requesting additional funding of \$63,538.45 for this work to be approved and funded from the Parks & Recreation Development Charges Reserve Fund. To bring the project closer to the approved budget provisional items 4.03 - Concrete Paving (Playpod) – Colour, 4.05 - Concrete Paving (Park Entrances) - Colour, and 4.10 - Armourstone will be removed from the contract to revise the pricing from \$300,139.03 (Net HST Rebate) to \$282,151.79 (Net HST Rebate.) The provisional items being removed are aesthetic architectural features that do not affect the parkette's overall functionality.
- 4.2 The total funding required for this project is \$413,538.45, which includes the construction costs of \$282,151.73 (Net HST Rebate) and other related costs, including playground equipment (sourced through separate RFP), materials testing, communications allowance, and contingency in the amount of \$131,386.72 (Net HST Rebate). The funds exceed the allocated budget and are being requested to be funded from the following accounts:

Description	Account Number	Amount
Newtonville Estates Parkette	110-50-325-83654-7401	\$350,000
Parks & Recreation Development Charges Reserve Fund – Additional Funds	110-50-325-83654-7401	\$63,538

- 4.3 The addition of Rose Parkette will increase operating costs by \$14,490 annually for grass cutting, maintenance, garbage collection, and upkeep of playgrounds and hard

structures. Staffing impact is 0.08 Full Time Employees. In 2025, these costs will be covered by the existing budget and staff. Future budget requests will account for any additional funds or staff required to maintain service levels. Public Works will work with the Deputy CAO/Treasurer of Finance to address any financial implications of increased operational costs.

5. Strategic Plan

This project aligns with C.4 of the strategic plan that implements the Parks, Recreation, and Culture Master Plan and prioritizes recreation to cultivate a strong, thriving, and connected community where everyone is welcome.

Additionally, the project aligns with C.2.5 prioritizing initiatives to improve community safety and well-being.

6. Climate Change

- 6.1 The parkette's design includes features that will help address the impacts of climate change, such as shade structures to reduce heat exposure and native plant species that require less water and support local biodiversity.

7. Concurrence

This report has been reviewed by the Deputy CAO, Planning and Infrastructure Services and Deputy CAO, Public Services who concur with the recommendations.

8. Conclusion

It is respectfully recommended that Royalcrest Paving and Contracting Ltd. be awarded the contract for the construction of Rose Parkette in Newtonville.

Report Overview

This report recommends that Council approve the funding needed to modernize the elevators located at the Municipal Administrative Centre and the Sarah Jane Williams Heritage Centre.

1. Background

- 1.1 The elevator modernization at both sites was approved in the 2022 capital budget with \$330,000.00 allocated including contingency.
- 1.2 In 2022, prior to issuing the tender for this project, the elevator at Sarah Jane Williams Heritage Centre experienced a hydraulic cylinder failure which necessitated an emergency repair that required significant funding. The emergency project was funded through the existing capital budget intended for elevator modernization.
- 1.3 The elevator modernization for both sites was deferred to 2025 due to the coordination of other capital projects, including the Veteran's Square project completed in 2024.

2. Modernization

- 2.1 Elevators at MAC and SJWHC have been identified during building condition assessments as requiring upgrades and improvement to extend the life and avoid increasing frequency of malfunction and repairs. Major components of each elevator are no longer manufactured and are only available as refurbished parts.
- 2.2 The scope of work will include new solid-state microprocessor control equipment, a new power unit, new hydraulic cylinder and piston, new door operator, new fixtures, new cabin interior finishes and new wiring throughout.

3. Financial Considerations

- 3.1 This project is included in the 2025 work plan but is underfunded due to the emergency repair of the SJWHC elevator in 2022.
- 3.2 The engineering for the modernization has been completed and the project is ready to be tendered.
- 3.3 The estimated shortfall to complete the project is between \$250,000 - \$300,000.
- 3.4 Funding for this project will come from the Municipality's Community Services Capital Reserve Fund.

4. Strategic Plan

- 4.1 This project relates to the Lead pillar under Clarington's strategic plan, in particular section L.2.5: Maintain, protect and invest in Municipal infrastructure and assets. This type of repair demonstrates the importance of an enhanced asset management plan and condition-based assessments to help develop a funding strategy for aging assets.

5. Climate Change

Not Applicable.

6. Concurrence

This report has been reviewed by the Deputy CAO of Public Services and the Deputy CAO of Finance who concur with the recommendations.

7. Conclusion

It is respectfully recommended that Council consider and approve the request of the required funds to complete the elevator modernization at MAC and SJWHC.

Report Overview

The [Integrated Accessibility Standard Regulations](#) (IASR) requires Municipalities to prepare and publish an annual status report on their AODA Multi-Year Accessibility Plan (MYAP) progress. This annual accessibility update provides a summary of the Municipality's progress and commitment to ensure compliance with all five standards and associated requirements.

1. Background

- 1.1 The Accessibility Coordinator oversees the Municipality's compliance with the AODA and acts as a resource for all municipal service areas. The Accessibility Coordinator collaborates with municipal departments to address accessibility concerns and ensures that Clarington continues to make strides towards becoming a barrier-free community.
- 1.2 Under the *Accessibility for Ontarians with Disabilities Act, 2005* (AODA) Clarington is required to develop a Multi-Year Accessibility Plan (MYAP) that outlines how the Municipality will meet its obligations under the legislation and remove barriers for people with disabilities.
- 1.3 This Annual Accessibility Update highlights the progress of the accessibility portfolio in 2024 but is not intended to be an inventory of every accomplishment.

2. Clarington Accessibility Advisory Committee (CAAC)

- 2.1 The Clarington Accessibility Advisory Committee (CAAC) is a citizen committee legislated under Part VII of the *Accessibility for Ontarians with Disabilities Act* (AODA). The Committee is vibrant, engaged, and extremely passionate about their work. Meetings are either virtual, or hybrid format, in support of removing barriers and ensuring flexibility for members.
- 2.2 The CAAC welcomed two new members to the committee after their terms of reference was updated and their membership was increased from 6 to 8 citizens. As required by the AODA, at least 50% of citizen members identify as a person with a disability.
- 2.3 The CAAC nominated Canadian Tire Bowmanville for the Durham Region Accessibility Awards for their commitment to accessible customer service. Members of the CAAC along with the Accessibility Coordinator, attended the Joint AAC Forum and Accessibility Awards night at the Audley Recreation Centre in Ajax.
- 2.4 The CAAC and its Site Plan Subcommittee continue to review site plans and Municipal projects as required by the AODA (parking meter, museum). They provide invaluable

advice on key initiatives and other legislated requirements undertaken by the Municipality.

2.4.1. The CAAC reviewed the South Bowmanville Recreation Centre (SBRC) plans twice and will continue to provide feedback to the project team as the plans progress.

2.4.2. The CAAC provided feedback on the Diane Hamre Recreation Centre (DHRC) outdoor skating rink.

2.4.3. The CAAC was consulted and provided feedback on the Parks, Recreation and Culture Master Plan.

2.4.4. The CAAC was consulted and provided feedback on the Active Transportation Master Plan.

2.5 In partnership with the Municipality, CAAC members attended Bowmanville's MapleFest and AppleFest, and the South Courtice Arena Outdoor Amenity Launch.

3. 2024 Staff Updates

Multi-Year Accessibility Plan (MYAP)

3.1 The [2024-2028 MYAP](#) was approved by Council on March 25, 2024 through resolution [GG-029-24](#).

3.2 The updated MYAP reaffirms Clarington's ongoing commitment to accessibility and outlines how the Municipality will expand beyond the minimum standards of the AODA and its Standards. The MYAP is a roadmap to creating a more accessible, inclusive and equitable community for everyone, especially people with disabilities. The goals laid out in the plan translate to increased opportunities for people with disabilities in our community.

New Municipal Accessibility Initiatives in 2024

3.3 To increase the accessibility of our support person policy, [Clarington became a participating organization](#) with Easter Seals Canada's [Access2 Card Program](#). By accepting Access2 cards we have made it easier for people with disabilities to attend our programs with their support person.

3.4 The new outdoor accessible fitness area at South Courtice Arena was completed and opened to the public in September. The first of its kind in Clarington, this space features accessible rubberized surface and is suitable for people of all abilities, including

wheelchair users. This new community amenity was funded in part by the Government of Canada's Healthy Communities Initiative.

- 3.5 Staff also finalized the Clarington Accessibility Design Standards (CADS). The CADS will ensure new municipal facilities, and applicable renovation projects, are accessible, inclusive and meet the needs of our diverse community.
- 3.6 Clarington introduced a new internal IDEA and Accessibility Award, as part of the Clarington Staff Recognition and Award Program, to celebrate staff who are champions of building equitable, diverse, inclusive and accessible work environments.
- 3.7 Clarington's community engagement website, Clarington Connected, features the Userway Accessibility Widget. Clarington Connected is an AODA complaint website, however the Accessibility Widget allows users to further customize their experience. The widget was used approximately 2500 times in 2024.
- 3.8 The Municipality partnered with the Region of Durham and the lower-tier municipalities to share a survey on accessible taxi service in the region. This collaborative project resulted in excellent data that will be used to remove barriers and increase access to wheelchair accessible taxis throughout Durham.
- 3.9 Recognizing that not all disabilities are visible and that small changes can have a large impact on the community, [Clarington partnered](#) with Crohn's and Colitis Canada's GoHere washroom app to help people find public washrooms on the go. The GoHere app aims to make life easier for people living with inflammatory bowel diseases by listing washrooms that are open to the public.

Grant Applications

- 3.10 Five accessibility grant applications were submitted to various funding programs throughout 2024. The Municipality is currently awaiting decisions on those applications; successful applications will be included in the 2025 update.
- 3.11 In late 2023 the Municipality received \$100,000 from the Government of Canada's Enabling Accessibility Fund to make accessibility improvements at Tyrone Community Centre. Improvements include the installation of an accessible washroom at the front of the building, a universal washroom at the back of the building and new accessible doors within the facility. This project is on track and will be completed before the end of 2025.

National AccessAbility Week (NAAW)

- 3.12 National Accessibility Week is an annual education opportunity; in 2024 both internal and external communications and engagement took place. Due to the Veteran's Square

construction in 2024, there was no National AccessAbility Week (NAAW) flag raising; this will return in 2025.

- 3.13 Staff participated in Easter Seals Red Shirt Day and raised \$120 for the charity.
- 3.14 Autism Home Base hosted an open house for municipal staff to tour their facility, try different activities and learn about their programming and organization.
- 3.15 The CAAC, in partnership with Clarington Library Museums and Archives (CLMA), hosted Canadian children's author Heather O'Connor. O'Connor was invited to read her debut book, [Fast Friends](#), at the Bowmanville library branch. Approximately 100 local students from two elementary schools listened to O'Connor read her book and participate in an interactive workshop on inclusion.
- 3.16 Inclusive colouring/workbooks were distributed to four Clarington elementary schools in support of NAAW. Approximately 550 books were distributed amongst 16 Kindergarten and Grade 1 classes in Courtice, Bowmanville and Newcastle.

Training

- 3.17 The Accessibility Coordinator oversees all the Municipality's legislative requirements under the AODA, including training of all new staff. This training focuses on providing accessible customer service, knowledge of municipal accessibility policies, and the Ontario Human Right Code (OHRC) as it relates to people with disabilities.
- 3.18 The Accessibility Coordinator continues to offer accessible document training to staff who require it. Additionally, the Accessibility Coordinator offers 1:1 support to staff who have accessible document questions or require additional support.
- 3.19 The Accessibility coordinator retained the Abilities Centre, to provide members of Council accessibility and disability training in support of Council's Inclusion, Diversity, Equity, Anti-Racism and Accessibility Training Plan.
- 3.20 The Accessibility Coordinator organized a hands-on training and resource development workshop facilitated by Kinark Autism Services for camp supervisors and inclusion support staff. Staff created a variety of communication tools to support campers who require inclusion support and learned practical ways to implement them.

Networking

- 3.21 The Accessibility Coordinator continues to be an active member of the Ontario Network of Accessibility Professionals (ONAP). In 2024, the Accessibility Coordinator attended two ONAP Conferences and actively participated in resource and information sharing amongst accessibility colleagues.

- 3.22 The Accessibility Coordinator is an active member of the Durham College Accessibility Coordinating Committee. As a community-based representative on the committee, the Accessibility Coordinator brings valuable insight to the group and supports the College's goal of being accessible. The Accessibility Coordinator also continues to be a member of the Newcomer Accessibility Council (NAC), a partnership between the Durham Local Immigration Partnership and the Toronto Easy Quadrant Local Immigration Partnership.
- 3.23 In 2024 the Accessibility Coordinator joined the Rick Hansen Accessibility Professional Network. This professional network offers continuing education and resources, while bringing accessibility professionals from a variety of backgrounds together.
- 3.24 The Municipality of Clarington continues to be a collaborator/member of the Canadian Accessibility Network (CAN). CAN is a national collaboration to advance accessibility for persons with disabilities through Research and Innovation, Education and Training, Policy, Employment and Community Engagement.

4. 2025 Initiatives

- 4.1 The Accessibility Coordinator will continue to expand support and training for staff on creating accessible documents, how to incorporate accessibility into their daily work and respond to requests for information in an alternative format.
- 4.2 The Municipality will continue to seek out partnerships with disability organizations, collaborations, and external funding opportunities through Grant Administration.
- 4.3 Staff will continue to leverage national awareness events like National Accessibility Week (NAAW) to celebrate and recognize accessibility in Clarington.
- 4.4 Adult change tables will be installed at Garnet B. Rickard Recreation Complex, Allan Strike Aquatic Centre and Courtice Community Centre. Additionally, upgrades to the universal accessible change room at Diane Hamre Recreation Centre (DHRC) will occur in 2025.
- 4.5 The Municipality will begin offering new skating aids that are inclusive and accessible to people with disabilities.
- 4.6 The Municipality will launch a new program to support neurodivergent staff members by offering tools and resources to support them in the workplace.
- 4.7 The Accessibility Coordinator, CAAC and CLMA will continue to partner to offer programming to support people with disabilities in the community. Plans are underway to host a disability tax credit workshop, children's author visit and a new NAAW event.

-
- 4.8 In collaboration with all lower-tier municipalities in Durham, Clarington will review its Vehicles for Hire By-Law with a goal to increase access to accessible taxis in Clarington and across the Region.
- 4.9 As required by the AODA, the Municipality will submit an Accessibility Compliance Report to the Ministry of Seniors and Accessibility before December 31, 2025.

Report Overview

This report outlines the proposed cost, location and design for the installation of a Veterans' crosswalk at the King Street and Temperance Street intersection in Bowmanville. The crosswalk will serve as a permanent memorial honouring veterans while enhancing pedestrian safety.

In consultation with the Royal Canadian Legion Branch 178, staff have created a suitable design that has been endorsed by the local branch and the Royal Canadian Legion Dominion Command. Staff recommend that the crosswalk be installed on the north side of the intersection, crossing east/west, to increase the lifespan of the crosswalk. At the request of the Royal Canadian Legion Branch 178, staff also recommend hosting an opening ceremony on October 31 to coincide with the raising of the Poppy Flag.

1. Background

- 1.1 On December 16, 2024, Council passed [Resolution C-155-24](#), directing staff to “proceed with the painting of a Veterans’ crosswalk crossing King at Temperance, running north/south.”
- 1.2 The resolution also directs “That the Bowmanville Legion Branch 178 be consulted with respect to design and be invited to the opening ceremony of the crosswalk, scheduled for November 11, 2025.”

2. Crosswalk Design and Location

- 2.1 Following consultation with the Royal Canadian Legion Branch 178 and Public Works staff, the Communications Team created the following crosswalk design:

- 2.2 The crosswalk design has been reviewed and endorsed by the Royal Canadian Legion Branch 178 and Royal Canadian Legion Dominion Command.

- 2.3 At the request of the Royal Canadian Legion Branch 178, staff recommend that the crosswalk be installed on the north side of the King Street and Temperance Street intersection, crossing east/west. This orientation is expected to increase the lifespan of the crosswalk by minimizing wear from vehicular traffic. This location also connects to the sidewalk leading to the newly renovated Veterans' Square and aligns with the Bowmanville Remembrance Day parade route.
- 2.4 Staff have consulted with the Region of Durham and have notified them of Clarington's intent to install the Veterans' crosswalk. In response, Regional staff have noted that they "do not recommend implementing any alternative pedestrian crosswalk designs that are inconsistent with design guidance and best practices as established in the Ontario Traffic Manual, Transportation Association of Canada – Manual of Uniform Traffic Control Devices, and Region of Durham engineering standards. Although these guideline documents are not law and do not specifically prohibit the use of Rainbow Crosswalk markings or Veterans Crosswalk markings, staff consider any deviation from these guidelines as a potential liability risk in the event of collisions that may occur at these sites. Local intersections, private lots, etc. may be better locations for such installations given the lower speeds and volumes."
- 2.5 Although the Region of Durham does not endorse the installation of non-standard crosswalks, Clarington Public Works staff do not have concerns with the design or location because the crosswalk design is still encompassed within a standard white edge line as per Ontario Traffic Manual, and similar to the Orange and Rainbow crosswalks.

3. Opening Ceremony

- 3.1 The Legion has expressed concerns about coordinating the opening ceremony on the same date as the Bowmanville Remembrance Day Parade and Service. As such, at the request of the Royal Canadian Legion Branch 178, staff will plan an opening ceremony on October 31 to coincide with the raising of the Poppy Flag at Veterans' Square.

4. Financial Considerations

- 4.1 The estimated cost for the crosswalk installation is approximately \$30,000. No annual maintenance is required. However, should the crosswalk be vandalized or show signs of wear, it may need to be replaced. Due to the nature of the material used to create custom crosswalks, repairs are not possible. It is estimated that the crosswalk lifespan is approximately three to seven years, depending on location, traffic volume and the frequency of snow-clearing operations, as increased plowing can accelerate wear over time.
- 4.2 Staff are currently investigating potential grant funding opportunities to offset the installation cost; however, no grant funding has been secured at this time.

- 4.3 The Deputy CAO/Treasurer, Finance and Technology, has indicated that the cost of the 2025 crosswalk installation will be funded through the Tax Rate Stabilization Reserve Fund. When future replacement of the crosswalk is required, Public Works will consult with the Deputy CAO/Treasurer, Finance and Technology, to determine an appropriate funding source.
- 4.4 Any future roadworks in downtown Bowmanville could impact this intersection. Any cost related to the reinstallation of the Veterans' crosswalk design would be included as part of that project. Currently, there is no confirmed timeline for any road rehabilitation that would impact this installation.

5. Strategic Plan

- Not applicable.

6. Climate Change

Not Applicable.

7. Concurrence

This report has been reviewed by the Deputy CAO/Treasurer, Finance and Technology; Deputy CAO, Public Services; and the Deputy CAO, Planning and Infrastructure, who concur with the recommendations.

8. Conclusion

It is respectfully recommended that Council receive this report and approve the proposed design, location and cost of the Veterans' crosswalk.

Report Overview

Last year, Council directed staff to lease the former Tourism Office to the Region of Durham for the purpose of a Winter Warming Centre, in response to the growing issue of homelessness in our community. This report provides an update on the first year of use, and ongoing collaborations to support the unsheltered population in Clarington. Staff are recommending the continued use of the Tourism Office as a Winter Warming Centre.

1. Background

- 1.1 There are people in Clarington who are living without stable, permanent, appropriate housing.
- 1.2 The Regional Municipality of Durham is responsible for all social service delivery in all Durham municipalities, including Clarington, as mandated by the province.
- 1.3 In March 2024, Region of Durham Staff [presented an overview of the Regional homelessness system](#) to Council.

Winter Warming in Clarington

- 1.4 Warming Centres are not shelters; they operate on a temporary overnight basis during the winter months for those in need. Warming Centres provide a safe place for people to sleep when it is cold outside. Warmth and shelter are critical resources for health and safety, as people experiencing homelessness or those who are marginally housed are one of the most at-risk groups for cold-related illnesses.
- 1.5 For the winter season of 2023-2024, the Region of Durham operated a Winter Warming Centre in the basement of St. Paul's Church in downtown Bowmanville. This was the first time an overnight Winter Warming program was implemented in Clarington. While well-utilized, the location presented challenges from an accessibility perspective.
- 1.6 In October 2024, through [Report CAO-005-24](#), Council approved the lease of the former Tourism Office at 181 Liberty Street South, Bowmanville, to the Region of Durham for the purpose of an overnight Winter Warming Centre for the 2024-25 Winter season.
- 1.7 The Warming Centre, operated by Do Unto Others (DUO) accommodates up to 10 individuals. Regional staff indicated that the Warming Centre operated close to or at capacity for most of the winter season and that on some occasions, on very cold nights, unsheltered individuals were provided transportation to Oshawa warming centres due to capacity issues.

- 1.8 Regional staff have noted this location is ideal because it is decentralized while still being close to downtown Bowmanville, is fully accessible, and has a shower for users.
- 1.9 Due safety concerns with the lack of a sidewalk, the Region of Durham provided transportation (cab or Outreach Team vehicles) both to and from the Warming Centre. Although there were still some individuals that accessed the site by foot on an ad hoc basis; by and large, users of the Winter Warming Centre utilized this transportation. No issues were reported.

3. Local Initiatives

- 3.1 Staff have continued to meet on an ongoing basis with the Region of Durham; Clarington Library, Museum and Archives; and ICONIC (Integrated Community Outreach Network In Clarington), to identify opportunities to proactively collaborate and respond to homelessness locally.
- 3.2 ICONIC is a grassroots, volunteer group of faith-based leaders, community organizations, the Region, CLMA, and the Municipality who meet on a monthly basis to identify opportunities to work together to create an integrated community of care for the unsheltered population in Bowmanville.
- 3.3 ICONIC came together in a coordinated fashion to offer drop-in programming to those in need every day of the week in Bowmanville. Thanks to this, when individuals left the Warming Centre each morning, there was always a destination with food, shelter, support, and a built-in sense of community to attend each day.
- 3.4 The Clarington Library, Museum and Archives, in particular the Bowmanville Library location, continued to expand social services initiatives to offer additional support to those in need. This included student social workers; drop-in outreach programs from John Howard Society of Durham Region (JHSD) caseworkers; Newcomer Settlement Services with Community Development Council Durham; access to Ontario Disability Support Program caseworkers; and the food pantry.
- 3.5 Clarington Library, Museum and Archives indicated that there was a decrease in major incidents within the Bowmanville Library from Winter 2024 to Winter 2025, thanks to these strengthened and expanded community partnerships; a policy and procedure review; enhanced training, resources, and decision-making tools for staff; and the procurement of a security guard by the Municipality of Clarington.
- 3.6 Durham Region's Street Outreach Team increased local presence throughout the winter. This team provides 24/7 homelessness support to those in need, on both a proactive and on-call basis.

- 3.7 The Municipality of Clarington developed a [website](#) with a comprehensive list of all supports and resources available locally, including food banks, drop-in programs, and all other support services. This is kept up to date on an ongoing basis based on information from community partners.
- 3.8 Regional Staff have indicated that, thanks to the coordinated community efforts in Clarington and relatively low number of unsheltered population accounted for locally, there is not an identified need for a centralized hub service at this time.

4. Next Steps

- 4.1 Staff recommend that Council authorise the Deputy CAO/Solicitor to continue the lease of the former Tourism Office located at 181 Liberty Street South to The Regional Municipality of Durham, for the purposes of a Winter Warming Centre, from November to April for the 2025-26 winter season; with the lease to be reviewed at the end of the term. The Deputy CAO of Public Services has confirmed there is no municipal use for this space for the immediate future.
- 4.2 Staff will continue to meet with the Region of Durham and be a member of ICONIC to identify opportunities to support ongoing collaboration and information sharing as it relates to supporting those experiencing homelessness in our community.

5. Financial Considerations

- 5.1 Staff will work with The Regional Municipality of Durham to continue the lease for use of the former Tourism Office at 181 Liberty Street South for the Winter 2025-26 season, for a nominal rent.

6. Strategic Plan

C.2.5: Support the proactive management of community safety and well-being.

7. Climate Change

Not Applicable.

8. Concurrence

This report has been reviewed by the Deputy CAO of Legislative Services and the Deputy CAO of Public Services, who concur with the recommendations.

9. Conclusion

It is respectfully recommended that Council receive this report and approve the direction of the ongoing lease for the Winter Warming Centre.

Report Overview

This report provides information about Staff recommendations to make changes to the Procedural By-law to improve clarity and efficiency, resulting in repealing and replacing the current by-law.

1. Background

- 1.1 Clarington's current Procedural By-law 2023-033 was enacted following a comprehensive revision discussed and described in [Report LGS-017-23](#).
- 1.2 Since then, the current By-law has been amended twice, arising out of the passing of the Strong Mayors Act ([Report LGS-018-24](#) and [By-law 2024-021](#)) and the recent enactment of the [Delegation of Authority By-law 2024-042](#) ([Report LGS-026-24](#)).
- 1.3 In the intervening period, the Clerk's Division has encountered several ways in which the by-law could be amended to further improve clarity and efficiency.
- 1.4 Additionally, Staff have reviewed other municipalities' procedural by-laws and several opportunities for improvement have been recommended.

2. Arranging Meetings

Special Joint Meetings

- 2.1 Special Council, GG and PD Committee meetings may be called by the Mayor or Council, but the Joint Committee meeting type is not referenced, so Special Meetings of this type cannot be called. To allow Special Joint Committee Meetings to be called, Staff recommend the following wording be added following the words "PD Committee" within subsections 4.4.1 and 4.4.2:

“, or Joint Meeting.”

Planning Public Meetings

- 2.2 Subsection 7.10.2 states:

“Public meetings, under the Planning Act, shall be limited to two per Planning and Development Committee meeting, unless otherwise agreed between the Municipal Clerk and the Director of Planning and Infrastructure Services.”

- 2.3 Other than some minor input to the choreography of meetings, there is nothing that the Municipal Clerk can lend to the decision. Given the current “planning landscape”, the Deputy CAO, Planning and Infrastructure is recommending that the limit be changed from two to three public meetings unless otherwise determined by the Deputy CAO, Planning and Infrastructure.

Changing Meeting Dates, Times and Locations

- 2.4 Subsection 4.16.1 allows that meetings may be cancelled by the Clerk in certain circumstances. However, there is no provision to move a meeting (as was the recent case of moving a budget meeting) or change the time or location. The result is that the matter has to go to Council or Committee to make these changes.
- 2.5 To make setting, and changing, meetings more streamlined, Staff are recommending that subsection 4.16.1 be changed to ensure wording that the meeting date, time, or location may be moved or changed by the Clerk in certain circumstances.
- 2.6 Other slight wording changes are being recommended in subsections 4.16.1 and 4.16.2.

3. Delegations

Definition

- 3.1 Clarington’s Procedural By-law defines a “delegation” as follows:

“Delegation means a person desiring to verbally present information on matters of fact, or to make a request to Council or Committee, as the case may be.”

- 3.2 Members of Council are meant to receive delegations and participate in debate, not be delegations. Staff are recommending that, for clarity to Staff when creating agendas and for clarity to Members of Council, the following wording be added to the above definition, after the word “person”:

“, excluding a Member of Council,”

Speaking to another Delegation

- 3.3 The current subsection 7.5.9 prohibits a delegation from speaking to another delegation as a way of circumventing other rules. However, subsection 7.5.13 speaks about allowing a delegation to speak to an item that is listed on the agenda. Therefore, these two sections can contradict each other.

- 3.4 To provide a smoother meeting, the delegation's correspondence is added to the delegation, rather than a separate item on the agenda. There have been instances where a delegation has requested to speak to the same matter of another delegation and the question arises whether this is allowed (because it used to be a correspondence item on the agenda, and they could have spoken to the item). This takes away the public's right to speak to a matter after the original agenda is published, and that was not the intent of this section.
- 3.5 As a result, Staff are recommending that the following current subsection 7.5.9 be deleted. This will allow further delegations to be added to the agenda to speak to a matter that another delegation is speaking to. The intended benefit is varying or differing opinions.

"No further delegations may be made in respect of a delegation placed on an agenda in accordance with this Sub-section. For clarity, a delegation cannot be a delegation to another delegation as a way of circumventing other rules outlined in this by-law, but may speak to attachments and links associated with other delegations, as long as it is in accordance with other delegation rules."

Restricted Matters

- 3.6 Subsection 2.6.1 lists the restrictions on agenda items where "the Municipal Clerk shall refuse, at the request of a member of the public, to place on the agenda, and in an ECCIP." However, the way it is worded means that Staff or a Member of Council can place restricted items on an agenda. To remedy this, Staff are recommending the removal of the words "at the request of a member of the public" and adding the words "unless the CAO determines it is necessary." This will allow certain items that require Council decision or discussion, such as a litigation matter, to be added to the agenda, as needed.
- 3.7 Additionally, the current subsection 7.5.10 states that "no delegation may speak to matters described in subsection 2.6." For clarity, Staff are recommending that the following wording be added to proposed subsection 7.5.9:
- "The delegation request will not be added, or noted, in the Agenda."
- 3.8 Since there is a broad approach to restrictions on agenda items, Staff are recommending removing references to subsection 2.6 in subsections 7.14.9 and 8.4.

Not Listed on the Agenda

- 3.9 Current subsection 7.5.13 details what is to become of delegations for matters not listed on the agenda:

“A delegation, not listed on the agenda, shall not be heard without the consent of at least 2/3 majority of the Members present and shall be pertaining to an item listed on the Agenda. If the delegation is not pertaining to an item listed on the Agenda a suspension of the rules (3/4 vote) is required for the delegation to be heard.”

- 3.10 However, there is no clear guidance on what happens when the request is made in the above circumstance. In the past, Staff have added the name and noted that a suspension of rules will be required.
- 3.11 This puts Council in an awkward position of being obligated to add the delegation. To make it clear to the public that there is no guarantee that they will be added; and to provide clarity to Staff, Staff are recommending that the following wording be added to the end of subsection 7.5.13:

“The delegation request will not be added, or noted, in the Agenda.”

Speaking Twice at Council

- 3.12 Subsection 7.6.2 of the Procedural by-law prohibits delegations from persons who spoke to the same matter at a Standing Committee meeting:

“Notwithstanding Sub-section 7.6.1, Delegations shall not be permitted to speak to a matter that was considered at a Standing Committee, or is the subject of a Staff report or matter included under Unfinished Business included on the Council agenda, where the Delegation spoke to the item at a Standing Committee meeting, including a Public Meeting, which is being reported to Council.”

- 3.13 However, if a delegation spoke to a matter at a Council meeting and the matter was referred to a future Council meeting, there is no restriction on speaking a second time to the matter.
- 3.14 Therefore, to be consistent with the approach of a Standing Committee, Staff are recommending that “or Council” be added to subsection 7.6.2 following the words “Standing Committee.” This is in line with preventing a person from speaking at Standing Committee and at Council regarding the same matter.

- 3.15 It should be noted that there is no such restriction on speaking to the same matter multiple times at a Standing Committee meeting, prior to a decision of Council. Therefore, Staff recommend that Council refer matters back to a Standing Committee instead of a future Council meeting, as much as possible, if the intent is to hear delegations on the matter again.

4. Presentations

- 4.1 Subsection 7.4.1 explains when presentations are allowed. However, it was using vague terms such as “matters of significance” and “deemed necessary by the Municipal Clerk”. It was also missing “requested by Staff”. To provide clarity, Staff are recommending that subsection 7.4.1 be deleted and replaced with the following and renumbered accordingly:

“Provided that the request has been submitted to the Municipal Clerk prior to the Agenda Deadline, in the form determined by the Municipal Clerk, a person, organization, corporation, or appointed officer may be permitted to be listed under the “Presentation Section”:

7.4.2 Presentations shall include only the following:

- a) Awards or recognitions;
- b) Presentations from senior levels of government;
- c) Presentations from a member of Staff, in their professional capacity;
- d) Presentations requested by a Member of Council, or Staff; and
- e) Presentations as required by legislation.

5. Chair

Chair of Joint Meetings

- 5.1 Subsection 5.1.1 (b) outlines who chairs the General Government Committee meetings, but there is no clear indication of who chairs the Joint Meetings (i.e. General Government Committee and Planning Committee joint meetings). Staff are recommending the addition of subsection 5.1.1(e) indicating that the Mayor chair Joint Meetings unless unavailable or has designated another Member of Council.

Chair in Person

- 5.2 With more technology, comes changes in how meetings are run. Recently, in 2024, new technology was introduced called, “Request to Speak”. This allows the Chair to see, and manage, which Member of Council will speak next, regardless of whether the speaker is remote or in-person, providing a level playing field for remote speakers. As this technology is assigned to the Chair, it is installed on the computer in front of the Chair’s seat. Therefore, the Chair cannot use the “Request to Speak” function if they are remote.
- 5.3 The ”Duties of the Chair” already includes a note that the Chair shall preside in person for public meetings. For the above reason, and to ensure good communication with the Clerk and other Staff, Staff are recommending that the Procedural By-law be changed as follows resulting in the requirement for the Chair to preside in person at all types of meetings:

Delete the following words from subsection 3.2(o):

“Where the agenda includes a public meeting,”

Add the following words to subsection 3.2(o):

“unless the meeting is fully virtual.”

- 5.4 In the event that the meeting is fully virtual, the “Request to Speak” function will probably not be used by the Chair.

6. Agendas

Earlier Agenda Publication for Standing Committees

- 6.1 To allow Members of Council and the public to have a longer time to review the agenda and ask questions of Staff (or decide to be a delegation), Staff are recommending changes to the GGC and PDC agenda publication schedule, starting with the meetings in September 2025.
- 6.2 Council agendas are not moving, as it would mean the Council agenda would be published prior to the PDC meeting. The Council Agenda Deadline remains noon on the Wednesday prior and the Council Agenda Update Deadline remains 3:30 p.m. on the day prior to the meeting (usually Friday).

- 6.3 The Standing Committee Agenda Deadline will change to noon on the second Thursday prior to the GGC and PDC meeting (currently it is the Wednesday prior to the meeting, so, 6 days earlier). The publication of the Agenda will happen as soon after the noon deadline as possible but will be prior to “Friday at noon”. This earlier Agenda Deadline will also apply to New Business items, including ECCIP items, put forward by Members of Council.
- 6.4 The Agenda Update Deadline will change to noon on the Wednesday prior to the GGC and PDC meeting (currently it is the Friday prior to the meeting, so, 2 days earlier). This leaves time for Members of Council to ask questions of staff on any changes on the Agenda Update.
- 6.5 To correspond with the above changes, the Agenda Deadline and Agenda Update Deadline definitions have been updated.

Closed Meetings

- 6.6 Subsection 4.12.4 indicates that Committee/Council shall retire to the Ante Room, and references “vacating the room.” With the changes in the way that Committee/Council handles Closed Session and technology changes, this section needs to be updated. Staff are recommending that subsections 4.12.4(a) and (b) be deleted and (c) be updated to indicate that only those permitted in the meeting room or electronic meeting be allowed to stay.

Headings

- 6.7 The current Procedural By-law includes the following wording in subsection 6.4.2 for Special Meetings:
- “When preparing an agenda, the Clerk may include or exclude any headings that have no items after the Agenda Update Deadline.”
- 6.8 There is nothing that explicitly allows the Clerk to exclude any headings that have no items after the Agenda Update Deadline for Standing Committees and Meetings of Council. For example, we may not have “Business Arising from Procedural Notice of Motion” and removing the headings will make the agenda cleaner. Therefore, Staff are recommending that subsection 6.1.1 (and other sections be renumbered accordingly) be added as follows:
- “When preparing an Agenda, the Clerk may exclude any headings that have no items after the Agenda Update Deadline.”
- 6.9 Durham Region has similar wording to the above.

- 6.10 Currently, at the Council meetings, the Moment of Reflection is said immediately after Call to Order, and it is followed by the Land Acknowledgement Statement. The general norm in the industry is to have the Land Acknowledgment first. In order to show the greatest respect for the Land Acknowledgement Statement, Staff are recommending that the Land Acknowledgement be switched to be prior to the Moment of Reflection. This will only affect Council meetings, as they are the only ones with the Moment of Reflection.

Agenda Items on Standing Committees

- 6.11 There are instances where a report, or matter, does not fall under the strict description of the mandate of one of the Standing Committees, but it is more appropriate to consider the matter within that Standing Committee. For instance, if there is a Planning and Infrastructure report regarding a park – it would be more appropriate for a General Government Committee meeting than a Planning and Development Committee meeting. To allow more flexibility, and clarity, about which Committee considers matters, Staff are recommending the addition of subsection 5.2.2:

“Notwithstanding the mandates of the Standing Committees, the Municipal Clerk may place a matter on either Standing Committee, where it is deemed more appropriate by the CAO.”

Consent Agenda – Sub-Headings

- 6.12 The current by-law is the first Clarington Procedural By-law where we formalized a “consent agenda.” As Council works with this change, there will be “tweaks” that could assist with the consent agenda.
- 6.13 In subsections 6.2.1, 6.3.1, and 6.4.1, the headings are defined for Council and the Standing Committees. Under the “Consent Agenda” section, there are requirements for sub-headings (i.e. Minutes, Communications, Staff Reports, By-laws, etc.). By including these sub-headings, it forces the number of the agenda item to be quite lengthy. Staff are recommending that the requirement for the sub-heading be removed, and subsection 7.11.1 have words added to describe the type of items that might be in the Consent Agenda.

Unfinished Business

- 6.14 Subsection 7.18 provides for an unfinished business section at Standing Committees and Council and defines unfinished business as:

“Any matters presented, considered, referred, tabled, or deferred, or any items not otherwise disposed of through the consideration of an agenda matter, shall be disposed of during this portion of the Meeting.”

- 6.15 Now that we have a Consent Agenda and “Items for Separate Discussion”, there is no need for unfinished business (as the items will be coming back as a report/memo to be placed on the Consent Agenda or under “Items for Separate Discussion” for resolutions that are tabled to the meeting). Therefore, Staff are recommending the removal of the “Unfinished Business” agenda item.

Time Specific Items

- 6.16 Currently, the only type of item that the Municipal Clerk can specify a start time for is a presentation, in subsection 7.4.4. There may be instances when a specific non-presentation item needs to be at a set time in order to let the public know when it will be discussed.
- 6.17 Staff are recommending that this ability to specify a time be broadened and are recommending the addition of subsections 6.1.2 and 6.1.3 and the deletion of subsections 7.4.4 and 7.4.5 to allow for this ability.

ECCIP Pulled Items

- 6.18 Regarding Members of Council requesting that an item on the Electronic Council Communication Information Package (ECCIP) be added to the agenda, subsection 7.14.9 states:

“The pulled item will be included on the agenda of the appropriate Standing Committee if submitted to the Clerk prior to the Agenda deadline and if it is not restricted under section 2.5. For clarity, this will not be the meeting three calendar days from when the ECCIP was published, but rather a future meeting.”

- 6.19 Staff are recommending removing the reference to the restricted items (as it is taken care of in a broader manner and this is redundant).
- 6.20 There is very little detail about what Staff is to do with “pulled ECCIP items” if they come in after the Agenda Deadline. Therefore, Staff are recommending adding three sections, following subsection 7.14.9, that mirror the rules for New Business (because a pulled ECCIP item is effectively a New Business item.)

- 6.21 Clarity has also been added within section 7.14.7 that a seconder is required at the time of submitting a request to add an ECCIP item with a motion to the agenda.

7. Motions

“No Secunder” Motions

- 7.1 Upon review of the Region of Durham Procedural By-law, and some of the area municipalities’ procedural by-laws, Staff recommend removing all options to add a motion to the agenda without a seconder (with some exceptions). This will also be applied to any new sections of the Procedural By-law that involves adding motions to an agenda (see s. 7.4 below). This provides efficiency of the meeting and ensures that there are at least two Members willing to discuss the motion, which is consistent with the rules for moving a motion at the meeting. Motions are not on the floor for consideration and are not recorded in the minutes if no Member seconds the motion (s. 9.12.5 of the Procedural By-law). It also provides consistency within the procedures.
- 7.2 Accordingly, Staff have changed the following subsections from “no seconder” to “a seconder shall be required”:
- Subsection 7.14.7 (a request by a Member to place an ECCIP item on the agenda)
 - Subsection 7.16.7 (New Business item)
- 7.3 Staff are not recommending the requirement for a seconder on the Strong Mayors Powers subsection (9.12.4(b) and 9.12.4(c)) as they are covered under the Municipal Act.

Motion from Members Before Agenda Update Deadline

- 7.4 Staff are recommending that the following new subsections 9.12.13 to 9.12.16 be added to clarify how to handle motions that are submitted by Members for inclusion on the Agenda:

“If the Clerk receives, prior to the Agenda Update Deadline, a motion from a Member of Council regarding an item on the agenda, the Clerk shall place the submitted motion on the Agenda under the section, “Items for Separate Discussion”.

A seconder shall be required at the time of submission to the Clerk.

If the Member who submitted the motion is not present at the meeting, and no other Member moves the submitted motion, the submitted motion shall not be considered.

If multiple motions are received regarding the same item:

- a) Duplicates of a recommended or existing motion will not be accepted or added to the agenda.
- b) Motions will be placed on the Agenda in the order received and considered at the Meeting in that order.”

- 7.5 The above requirement for a seconder provides consistency with the recommendation in the previous section.
- 7.6 This does not prohibit Members from moving a different motion at the time of the meeting. However, it encourages Members to submit their motions ahead of time which increases transparency and notice to other Members, Staff, and the public. It also provides clarity on how Staff are to handle multiple motions that might be received for the same item.

Motions to Refer and Defer

- 7.7 Currently, the Procedural By-law indicates that a motion to refer can be debated but is not specific on what can be debated. It was always intended to limit the debate to the procedural matter, not the substance. To provide clarity, Staff are recommending that the following words be added to proposed subsection 9.12.19(d): “time/place/instructions only”.
- 7.8 Similarly, Staff are recommending that the following words be added to subsection 9.12.22(d): “time/place only”.

8. Decorum and Conduct

Recess without Motion – Due to Threat

- 8.1 Although, fortunately, the Municipality of Clarington has not experienced too many instances of disruptions, Staff are recommending that the following subsection 3.2(m) [and subsequent sections be renumbered accordingly] be added to the duties of the Chair, to provide a quick response in the event that the situation occurs:

“To recess the Meeting, without Motion, for a specified time if there is a threat or imminent threat to the health or safety of any person, or if there is a possibility of public disorder;”

Political Forum

8.2 Although subsection 2.6.1(i) under “Agenda Restrictions” states “involves candidates, political parties, or nominees for a political party”, there is a concern that speakers may stray to other topics once they have been added to the agenda and the meeting starts. Subsection 7.9.1 (c) under Conduct of Delegations and Presentations” section helps this to a certain extent: “delegations and presenters shall not speak on any subject other than the subject for which they have given notice to address Council/Committee.” In order to strengthen these sections, Staff are recommending the addition of the following words as subsection 7.9.1 (i) “use a meeting as a forum to speak on, or address, any matter relating to a campaign”. The same wording has been added as subsection 9.1.1 (f) under “Conduct of Members of Council or Members of Committees”. A definition of “campaign” has also been added. The intent of these changes is not to restrict advocacy related to other levels of government outside of election periods.

If a Member Refuses to Leave

8.3 Subsection 9.1.1(d) states that:

“No member shall disobey the Rules of Procedure or a decision of the Chair, on questions of Points of Order or procedure or upon the interpretation of the Rules of Procedure except where the ruling of the Chair is reversed by Council pursuant to Sub-section 10.6.2. If a Member persists in any such disobedience after having been called to order by the Chair, the Chair shall forthwith order the Member to vacate the Council Chambers or room in which the Meeting is being held, or remove the Member from an electronic meeting but if the Member apologizes they may, by a majority vote of the Members, be permitted to retake their seat.”

8.4 There is also subsection 3.2(j), the responsibilities of the Chair:

“To call by name, any Member refusing to comply with this Procedural By-law and to order the Member to vacate the Council Chamber, or the place of Meeting, as the case may be,”

8.5 The question has been raised “What if the Member doesn’t leave?” Ultimately, the Chair is responsible for enforcing “on all occasions, the observance of order and decorum among the Members.” To assist, and guide the Chair, Staff are recommending the addition of options available to the Chair in subsection 3.2(j), “in the event that the Member does not vacate:

- If the Member is present in person, the Chair may:
 - stop recognizing them to speak,

- turn off their microphone,
- ask for a recess,
- call Security to remove the Member, or
- direct the Municipal Clerk to seek the appropriate assistance from the Durham Regional Police.
- If the Member is present electronically, the Chair may
 - stop recognizing them to speak,
 - turn off their microphone,
 - ask for a recess, or
 - cause them to be removed from the electronic meeting.”

8.6 To acknowledge electronic meetings, Staff are recommending that 3.2(j) be changed to “vacate the meeting room or electronic meeting”.

9. Housekeeping Items

9.1 There are several grammatical and spelling changes, errors with section references, and other minor changes (shown in the attached redline version) that Staff are recommending. The following are some examples:

- Change the title of “Director of Planning and Infrastructure Services” to “Deputy CAO, Planning and Infrastructure”
- Removing unnecessary references to specific sections of the by-law (to improve ease of reading and to make future updates easier).
- Subsection 3.4.3 was recently added to acknowledge that the Mayor does not need to leave the Chair if they were introducing a “motion” using Strong Mayor powers. However, it should have been broader because it can be any of the Strong Mayor powers (i.e. introducing a by-law or a budget). Therefore, Staff are recommending that 3.4.3 be changed to replace “introducing a motion under the” with “exercising any”.
- Creation of a new subsection 6.1 (General Agenda Matters) and moving sections that were duplicated on each of the Committee and Council agenda sections up into the new general subsection.

14. Conclusion

It is respectfully recommended that Committee approve the changes recommended by Staff to Clarington's Procedural By-law, including the repeal of the current by-law. If approved, these changes will come into effect following the passing of the by-law, except for the changes to the agenda publication dates, which will begin with the September 2025 meetings.

Report Overview

This report provides an update about recent changes to improve the impact of the Inclusion, Diversity, Equity, Anti-Racism and Accessibility program. It also identifies that following a review of the function, the new full-time position is not required at this time due to identified operational efficiencies and seeks direction on how to reallocate the funds.

1. Background

- 1.1 As Clarington grows, our population is diversifying. Clarington's Inclusion, Diversity, Equity, Anti-Racism and Accessibility programs play a critical role in supporting a safe, diverse, inclusive and vibrant community. The goal of the Connect Pillar in the [2024-27 Clarington Strategic Plan](#) is to cultivate a strong, thriving and connected community where everyone is welcome. Clarington is committed to advancing this priority through policy, community initiatives, training, public education and a continuous commitment to creating meaningful and lasting change.
- 1.2 In 2024, Council approved Clarington's first [IDEA Strategy](#) as well as the [2024-28 Multi-Year Accessibility Plan](#). These plans detail the strategic objectives that IDEA and Accessibility Staff will work to achieve over the next four years.
- 1.3 IDEA and Accessibility initiatives are also informed by three Committees of Council, made up of dedicated volunteers who ensure a diversity of voices are contributing to Clarington's IDEA&A work and to contribute to a greater impact in the community:
 - Clarington Accessibility Advisory Committee (CAAC)
 - Diversity Advisory Committee (CAC)
 - Anti-Black Racism Advisory Committee (ABRAC)
- 1.4 Through the [2025 Budget Update](#), Council approved an additional staff resource for the IDEA portfolio (Grade 6 – non-affiliated), \$100,800, to support workload pressures.
- 1.5 In January 2025, the IDEA and Accessibility portfolio moved to the Office of the CAO, with an aim to reaffirm Clarington's commitment to the importance of these functions and underline their priority at the most senior level of the organization.

2. Indigenous Engagement

- 2.1 There is an identified need for Clarington to formalize its strategy and approach to building and maintaining respectful relationships with Indigenous peoples and communities.

- 2.2 An Indigenous Engagement Framework would help ensure the Municipality engages meaningfully to inform decision-making and project development, including meeting obligations from other levels of government. It will also support the Municipality of Clarington's Reconciliation efforts, with the aim to repair and build relationships with Indigenous Peoples and create a more just and inclusive community.
- 2.3 As Indigenous Relations is a specialized expertise not currently available in-house, Staff will retain outside expertise to help develop an Indigenous Engagement Framework and Toolkit for Municipal staff. This will be funded from the existing program budget.
- 2.4 As Indigenous Relations is a government-to-government/nation-to-nation relationship, the Indigenous Relations function will be elevated to a responsibility of the Strategic Initiatives – Government Relations portfolio. The IDEA&A portfolio will continue to provide support, and lead education and inclusion initiatives as related to Truth and Reconciliation and Indigenous Peoples and culture.

3. Program Review

- 3.1 Following the transition of IDEA and Accessibility to the Office of the CAO, a program review was undertaken as part of the merge to understand opportunities to leverage economies of scale.
- 3.2 Following a review of workplans, strategies and deliverables, several synergies were identified. For example, in addition to the Indigenous Relations work identified above, grant facilitation work for diversity and accessibility initiatives was historically undertaken by IDEA&A staff but is now led by the centralized Grant Administration program. In addition, Communications will take on additional public education and promotion activities to support IDEA&A initiatives.
- 3.3 As such, the additional staff resource for the IDEA portfolio originally approved through the 2025 Budget Update is not required at this time. As a growing and diversifying Municipality, Staff will continue to build and develop the IDEA&A program to ensure it is effectively contributing to fostering a more diverse, equitable and inclusive community and workforce. Should an additional resource be required in the future as the program grows, Staff will bring a Business Case to Council through the budget process.

4. Financial Considerations

- 4.1 The additional staff resource for the IDEA portfolio (Grade 6 – non-affiliated), \$100,800 originally approved as part of the 2025 Budget Update, is not required at this time. As such, Staff seek Council's direction to reallocate the funding through one of the following two options:

- a) The funds be moved to the Future Staffing Reserve Fund to help offset future impacts to the tax levy.
- b) The funds may be reallocated to fund the newly approved Grant and Project Coordinator position. This role was approved in the 2025 Budget Update, with a financing strategy to recover salary costs against grants earned by the position. This option would provide for the grant funding earned to support programs solely and reduce tax support required to offset the cost.

c) Strategic Plan

- 4.2 The Inclusion, Diversity, Equity, Anti-Racism and Accessibility program is critical to supporting the 2024-27 Strategic Plan Connect Pillar's objective to cultivate a strong, thriving, and connected community where everyone is welcome.

d) Climate Change

Not Applicable.

e) Concurrence

Not Applicable.

f) Conclusion

It is respectfully recommended that Council receive this report for information and provide direction to staff on the identified salary redundancy.

RESOLUTION #

DATE: April 7, 2025

MOVED BY Councillor Elhajjeh

SECONDED BY Councillor

That Staff bring forward a by-law to amend the Exotic Animal By-law to allow for backyard bees, subject to the requirements of the Ontario Bees Act and Clarington's Zoning By-law.

Municipality Of Clarington

General Government Committee Meeting Resolution

DATE: April 7, 2025

MOVED BY Mayor Foster

SECONDED BY Councillor

Whereas the Procedural by-law states that a Member of Council has a duty “to deliberate on the business submitted to Council or Committees of Council, as the case may be”;

And whereas it is the role of a Member of Council to be a representative, a policy-maker, and a steward;

And whereas attendance at meetings facilitates Members’ roles;

And whereas Council has made a policy commitment to attend certain training (Policy CP-006, Inclusion, Diversity, Equity, Anti-Racism and Accessibility Training Plan for Council Policy) and should endeavour to attend other municipally-organized training offered to Members of Council;

And whereas other municipalities such as Brantford, Collingwood, and Guelph have attendance reporting;

And whereas Clarington does not have a reporting mechanism to hold Members of Council accountable for meeting attendance and training;

Now therefore be it resolved:

That Staff be directed to provide Council with an annual report on the attendance record of each member of Council for the previous calendar year that documents:

- 1) Attendance at regular and special Council and Standing Committee meetings to indicate whether the member was:
 - a. In attendance In-Person
 - b. In attendance online
 - c. Absent with regrets
 - d. Absent without regrets
- 2) Attendance at training or education sessions deemed by any Council policy or resolution to be a requirement.
