EXTERNAL

My name is Wyatt, I've been in contact with Councillor Granville Anderson, I am [REDACTED], and have been an advocate for the people of Orono, I have had a major safety concern for quite a few months now, regarding needing a new sidewalk from Sommerville Dr. to where millpond starts, just off of main street. When I go to deliver my newspapers for my paper route, there is no sidewalk along the dangerous part of my route or when I ride my bike with friends it is incredibly dangerous. On behalf of 143 Orono Residents I am presenting you with this petition to get a new sidewalk from Sommerville to the beginning of mill pond off of main street. See the names, and people's emails, with the PDF below.
Thank you, Wyatt
