EXTERNAL

I request to have my email submitted to Council.

Dear Council,

It's been a long road, and we, as rightful property owners are exhausted. We would like to express our concern with the way our land is being proposed to be changed from 10% EP to 90% EP. We are completely against this new mapping and we support the views of Gord Robinston and Rezoning Clarington. We own 50 acres in this beautiful Municipality and we want to protect our land.

Thank you
Anna and Anthony Camposeo
