As long time rural residents and tax payers in Clarington, We support a motion to recommence the work being done on the review of environmentally protected lands (EP) in rural Clarington.

We support Official Plan mapping that is limited to provincially required EP land.

We support full and comprehensive notification to property owners to ensure transparency and accountability.

We are very concerned regarding this matter and expect our elected officials to listen to property owners wishes and advice us with proper notifications in a timely matter.
