EXTERNAL

Hello,

I am Chris Moulaison a home owner and tax payer of 2329 Maple Grove Rd Bowmanville. For months I have followed the proposed zoning amendments brought forward by Clarington regarding Environmentally Protected land, which if passed, affects my property and value up to 70%. This needs to stop right now and Clarington should follow only the Provincial requirements proposed, and stop trying to rezone more land as EP than what is required. As a tax payer and resident of Clarington, I would support a motion brought forward to council that the work being done on the review of EP land in Rural Clarington to recommence. I support Official Plan mapping that is **limited to provincially required** EP land and that is it. I support full and comprehensive notification to property owners to ensure transparency and accountability.

Regards,

Chris Moulaison
