

MUNICIPALITY OF CLARINGTON
GENERAL GOVERNMENT COMMITTEE

RESOLUTION # _____

DATE January 4, 2021

MOVED BY Councillor Zwart

SECONDED BY Councillor Anderson

Whereas at the meeting of November 23, 2020, the Council of the Municipality of Clarington approved Resolution #GG-391-20, that directed the Public Works Department to provide winter maintenance on various trails to encourage outdoor exercise in an effort to improve our physical, mental health and general overall well-being due to COVID-19; and

Whereas a popular section of the Samuel Wilmot trail system between Cobble Dick Road and Toronto Street in Newcastle could not be included with this program due to the steep grades on the trail system that may potentially create an unsafe maintenance situation;

Now Therefore It Be Resolved:

1. That the Public Works Department be directed to include snow removal on the approximate 1 kilometer section of trail through the Foster Creek Valley between Sunset Boulevard and Gusel Avenue in Newcastle;
2. That pre-budget approval be given to complete this additional work for the 2020-2021 Winter Season; and
3. That all interested parties be notified of Council's decision including the Clarington Active Transportation and Safe Roads Committee.
