

MUNICIPALITY OF CLARINGTON

JOINT COMMITTEE

Resolution # \_\_\_\_\_

DATE: October 25, 2021

MOVED BY: Councillor Corinna Traill

SECONDED BY: Councillor Granville Anderson

WHEREAS while negotiations and the Official Plan Amendment proceed, trespassing continues at the Jury Lands site;

WHEREAS vehicular and All-Terrain Vehicle access to the site are causing damage;

WHEREAS the Jury Lands Foundation believes that ditch within the municipal road allowance along Lambs Road and a berm constructed with material from the ditch will stop vehicular and ATV access to the site, and discourage trespassing from this boundary; and

WHEREAS Clarington Council wishes to take any and all steps to preserve the integrity of the Jury Lands site pending a final resolution of the outstanding issues with the owners;

NOW THEREFORE BE IT RESOLVED THAT

1. The Jury Lands Foundation requests that Staff will immediately clear the ditch of debris along Lamb's Road and that the clearance be prioritized;
2. The cost of enhancing the existing ditch along Lambs Road within the municipal road allowance and construction of a berm with materials extracted from the ditch be referred to the 2022 budget; and
3. The cost of placing boulders to prevent vehicular access also be referred to the 2022 budget
