### Committee Reports

Chair: We wanted to welcome some new volunteers Jessie and Karen. Danielle asked us at the last meeting to gather up a list of items we feel could benefit the community center. Jacquie suggested a new Ash tray for outside, which could be bought by the city. So it needs to be addressed to council. Small lights to go under the bar, add a lounge in the back kitchen area with couches, Shevling for the totes for all of the events we have and a adapter for the speaker system to hook up all phones. Lyndsay suggested

new round tables with dollys and Chairs. Crystal suggested garbage cans. Nice looking ones and recycling bins even though we do not recycle. New bar equipment like bar jiggers. Also to fix the womens taps, they are spraying all over because they are missing the filters. Kyle would like to have more letters for the community road sign, the bar fridge because it is really loud and freezes everything. Also suggested mulch. Larry suggested little window curtains. Paul would like to get the shed fixed, it is falling apart and there are holes in the roof. Dave would like to update the lobby washrooms, carpet. Corinna suggests a bouncy castle. everyone loved this idea!! we could rent it out. Marlene suggested some bar tables, also to look into a C can. Danielle suggested wine glasses, white and black linens (look into laundry service), more water pitchers and water glasses. Danielle will price out everything and we will vote for the items at our January meeting. We are having a board get together. everyone said yes and will be held for the the 9th after Santa Breakfast. Some volunteers have to be added to the bartenders list.

Bookings: Joy was not able to attend this meeting but sent in a email to inform people. The busy schedule continues through to the end of the year. Joy ask Jacquie to have the hall set up for Dec 2nd dance. that is not happening anymore, pack up and clean up as usual. Larry will make sure that the hall is clean for the renters on the 2nd. Please make sure all food and drinks are clean from the fridge. friendly reminder that all board members who rent at the discounted rate, the hall should be left renter ready.

Maintenance: Kyle: The batteries in the ADD has been updated and new pads, fire extinguishers are good. no news on grading, the window cage. but the eves trofs were cleaned. Larry: The janitors room was broken into by Angels Catering and were told by someone at the municipality to do so. They turned on and off the breakers and had problems with the dishwasher. There are signs on how to use the dishwasher on the dishwasher. In the new year we all decided to go over all of the appliances in the kitchen. Greg is still waiting to hear about the rink.
